NAWAR ALISSA

React.js & Next.js Frontend Developer

✉ nawaralissa23@gmail.com | 📱 +963684695648

📍 Damascus, Syria (Available for Remote Work)

🔗 Portfolio | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Experienced Frontend Developer specializing in React.js and Next.js with strong proficiency in modern TypeScript and component architecture. Proven expertise in building scalable, high-performance web applications with RESTful APIs integration. Skilled in state management, form handling with React Hook Form and Zod, and data fetching optimization with SWR. Quick learner with hands-on experience in full-stack development, version control, and AI-assisted coding. Ready to contribute to dynamic development teams and deliver production-ready solutions.

WORK EXPERIENCE

Full Stack Developer (Internship)

Focal X Agency | Remote | February 2024 - July 2024

- Developed responsive React components following best practices and modern frontend architecture
- Integrated RESTful APIs and managed data fetching with efficient state management using SWR
- Implemented form handling and validation in React applications using React Hook Form and Zod
- Collaborated with backend team using Laravel and maintained code quality with Git version control
- Optimized web performance and ensured responsive design across all devices
- Utilized AI tools such as ChatGPT for code optimization and debugging assistance

---

TECHNICAL SKILLS

Frontend Technologies:

React.js, Next.js, TypeScript, JavaScript ES6+, HTML5, CSS3, Responsive Design

State Management & Forms:

React Hooks, Context API, React Hook Form, Zod, Form Validation, Error Handling

Data Fetching & APIs:

SWR, React Query, RESTful APIs, GraphQL, Axios, API Integration

UI Frameworks & Styling:

Mantine UI, Material UI, Tailwind CSS, Bootstrap, CSS Modules, Responsive Design

Authentication & Routing:

NextAuth, React Router, JWT Authentication, Session Management, Navigation

Version Control & Tools:

Git, GitHub, VS Code, Postman, Figma, ChatGPT, Web Performance Tools

Backend & Database:

Laravel, PHP, SQL, REST API Design, MVC Pattern, Database Design

Performance Optimization:

Web Performance Optimization, Server-Side Rendering (SSR), Static Site Generation (SSG), Code Splitting, SEO Optimization

---

PROJECTS

E-Commerce Platform | 2024 - 2025

Full-featured e-commerce application built with modern Next.js and React technologies. Implemented comprehensive product catalog with advanced filtering, dynamic shopping cart management, and optimized data fetching. Features include form validation with error handling using React Hook Form and Zod, real-time state management with SWR, and fully responsive design.

Key Features: Product listing and filtering, Dynamic shopping cart, Form validation and error handling, Real-time data synchronization, Responsive mobile-first design, Performance optimization

Technologies: Next.js, React, TypeScript, SWR, React Hook Form, Zod, Bootstrap, RESTful APIs

---

Portfolio Website | 2025

Personal portfolio showcasing projects, technical skills, and professional experience. Built with modern frontend technologies and designed to demonstrate proficiency in contemporary web development practices. Fully responsive and optimized for performance.

Technologies: React, Material UI, Bootstrap, Responsive Design, CSS3

Villa & Property Listing Website | 2024

Professional property listing website with detailed property information, pricing, location details, and photo galleries. Multi-page navigation with smooth transitions and fully responsive design optimized for desktop, tablet, and mobile devices.

Technologies: React, React Router, Bootstrap, CSS3, Responsive Design

---

ToDoList Application | 2024

Task management application featuring add, delete, and completion tracking functionality. Demonstrates React Hooks proficiency and state management best practices.

Technologies: React, React Hooks, JavaScript

Restaurant Management System | 2023

Team-based web application for restaurant management. Responsible for designing and implementing responsive user interfaces with modern web standards and best practices.

Technologies: HTML5, CSS3, JavaScript, Bootstrap

EDUCATION

Bachelor's Degree in Information Technology Engineering

Damascus University | Graduation Year: 2023

CERTIFICATIONS

- Web Development & Full Stack Development - Focal X Agency (2024)
- Higher Diploma in Human Resource Management - HR Certification Institute & OUSOS (2022)
- Effective Time Management - Coursera (2022)

LANGUAGES

Arabic: Native or Bilingual Proficiency

English: Professional Working Proficiency
